2 Overview

This User Manual gives a summary of all the available functions in the MyOzChase website.

Anyone who uses the MyOzChase application, must be a registered user and have a login to the website via a unique email address (and password).

2.1 Logging In

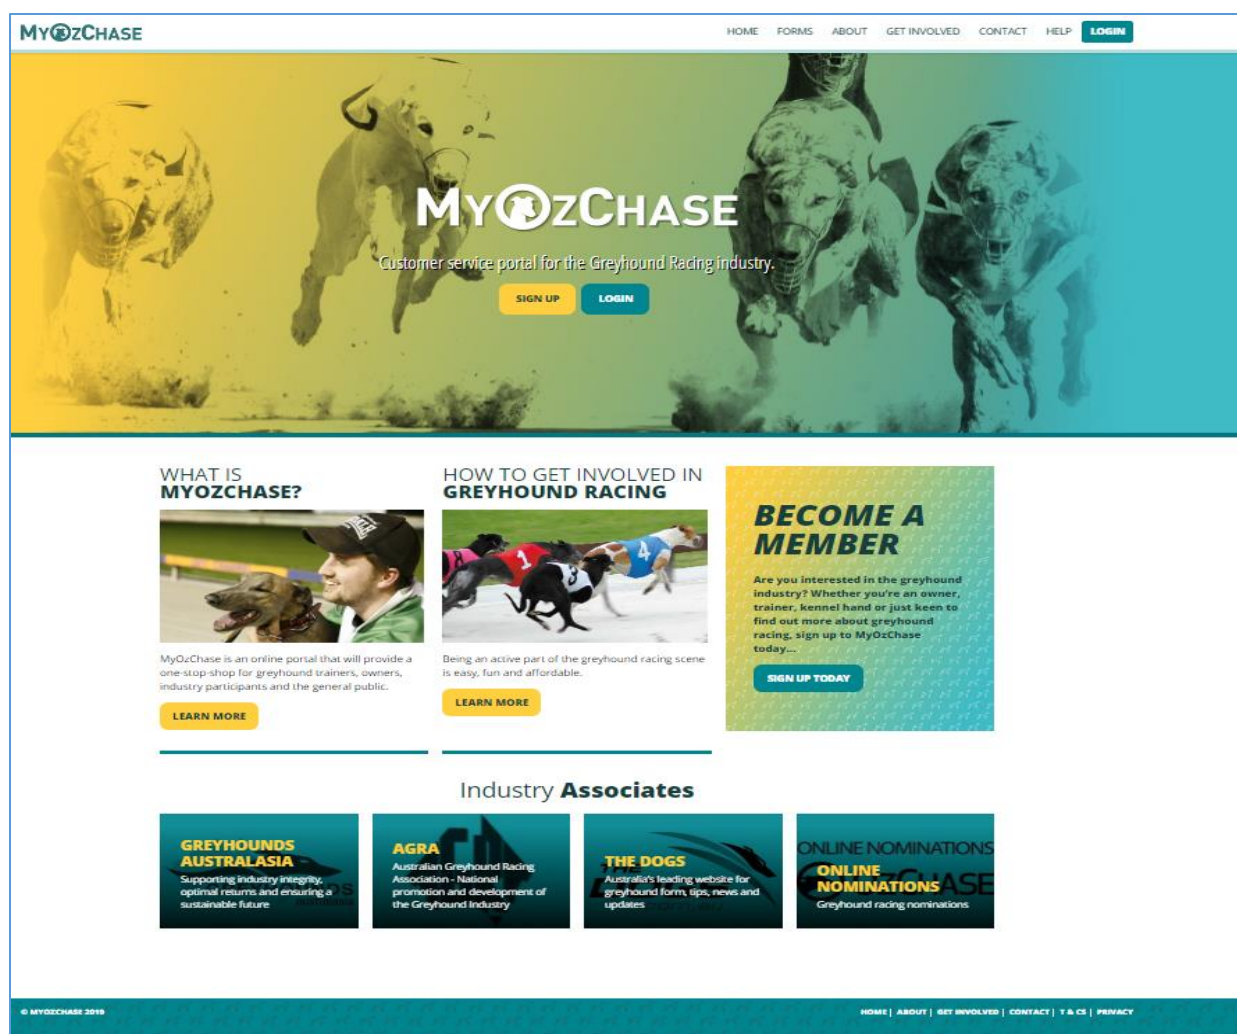

To log onto the MyOzChase site, you must have a unique email address that has been recorded in the OzChase system. Most racing participants (Owners, Trainers) will already be pre-registered to use MyOzChase, if they are licenced and have a unique email address.

If you are unsure about your registration status, call your Greyhound Racing State Authority to enquire about this.

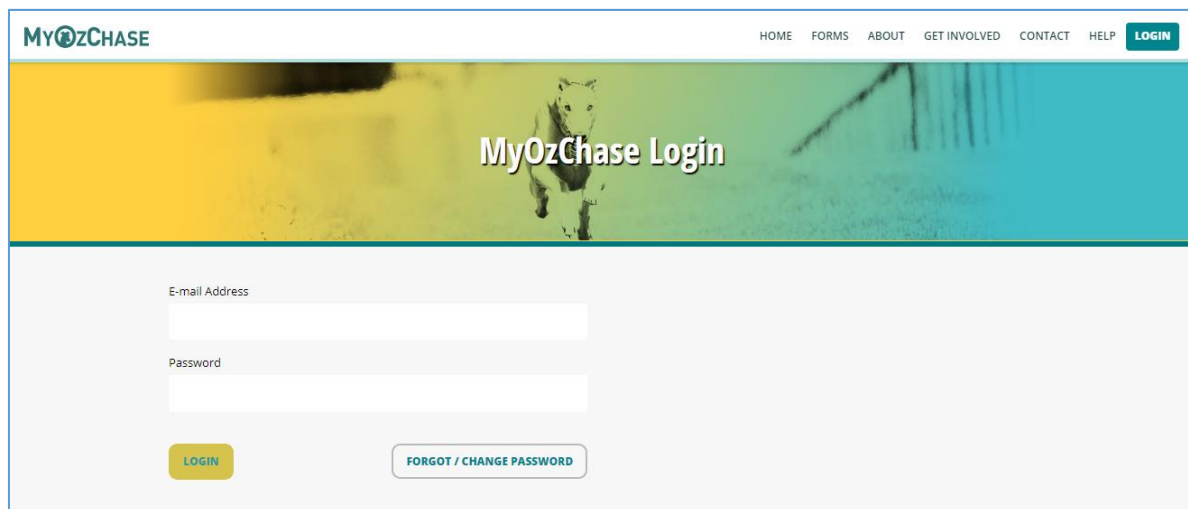

To access MyOzChase, open a browser session (Chrome, Internet Explorer, etc.) and type:

<https://www.myozchase.com.au>

This will open the MyOzChase website:

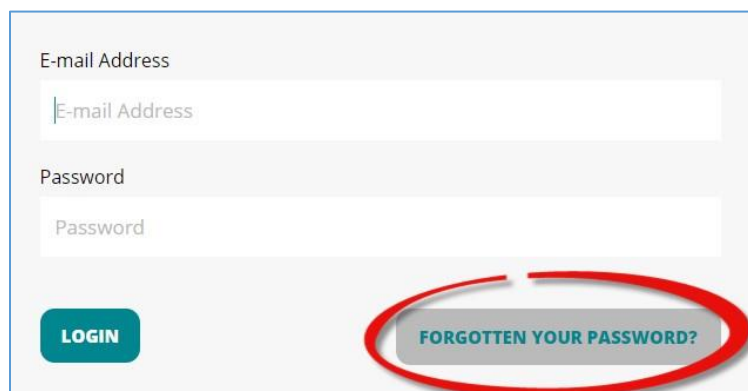

1. Click on the 'Login' button in the top right-hand corner or below the MyOzChase logo.
2. Enter your unique email address and your password on the login screen and click on the 'Login' button.

2.2 Forgotten Your Password?

If you have forgotten your password, then the 'Forgotten Your Password' button can be used on the Login Page:

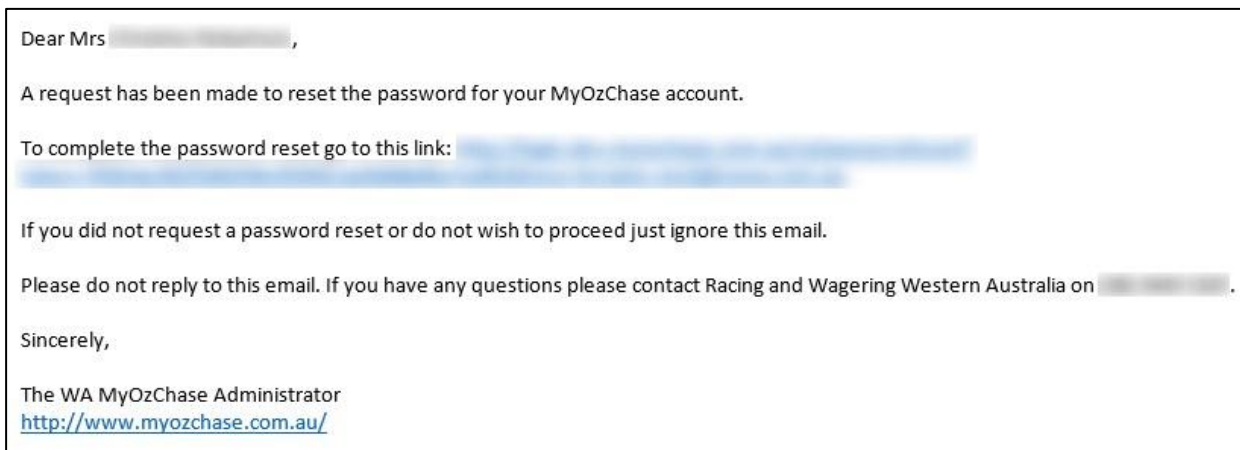

This will prompt you to enter your email address so that a notification email can be sent to you which contains a link to allow you to change your password.

Once submitted, a reset confirmation message will be displayed:

Password reset request has been sent to [redacted].

A check will be done to determine if a registered user exists with the specified email address. If found, an email will be sent to the nominated address.

Details in the email will include a link, which you will need to click in order to display the Reset Password screen:

A success message will be displayed once a new, valid password has been supplied.

Click on the 'Login' button in the top right-hand corner of the screen to log in again with the **new password**.

Note: This password will need to be used with your Online Nominations account as well if you have one.

2.3 Identity Verification

If this is the **very first time** that you are logging into MyOzChase, then you **may** be required to verify your identity. When you attempt to log in on the MyOzChase website, you will be redirected to the 'Verify Identity' page.

Your details will be retrieved from the OzChase system and displayed on the screen:

1. Enter your driver's licence **or** passport number (if these details are not already populated on the screen).
2. Agree to the privacy policy and MyOzChase terms and conditions.
3. Click on the 'Verify' button to proceed.
4. You will see a message indicating that verification is in progress. Once your identity has been successfully verified, a message will indicate this and provide you with a link to log in to MyOzChase as a verified participant.
5. If your identity could not be successfully verified, you will receive an error message.

 **Identity Verification Failed. Please contact your relevant State Controlling Body to ensure your personal details are up to date.**

6. You can either correct your Driver's licence or passport details to try again or you will need to contact your relevant Greyhound Racing State Authority.

3 MyOzChase general navigation

3.1 Homepage tabs

There are a number of options available on the main landing page in MyOzChase:

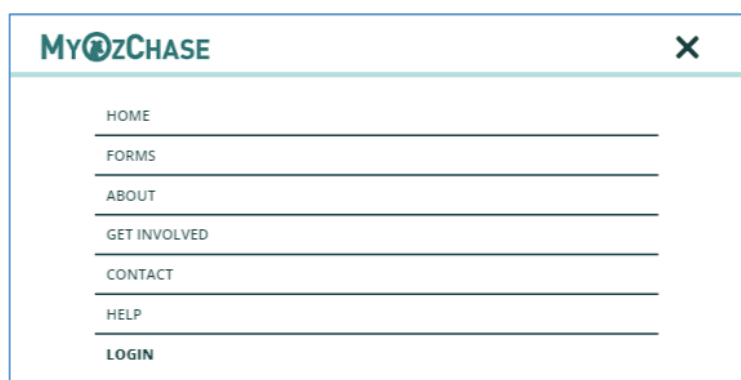

- Home – redisplay the landing home page
- Forms - displays a list of Registration Forms that are available for the various State authorities. Initially, only WA will have forms available for downloading. Clicking on the other State names, will display a message that no forms are available.
- About - provides a short introduction on the purpose and vision of the MyOzChase website.
- Get Involved - provides more information on the various ways to be a part of the greyhound racing industry.
- Contact - provides contact details for each State registered to use MyOzChase. If you are logged in, clicking the 'Contact' link will show only the contact details for the State that you're currently registered in.
- Help – displays frequently asked questions.
- Login – displays the login screen.

3.2 Mobile View

If you are accessing MyOzChase on a mobile device or iPad, then the display of the landing page will show the menu options in the hamburger icon (☰):

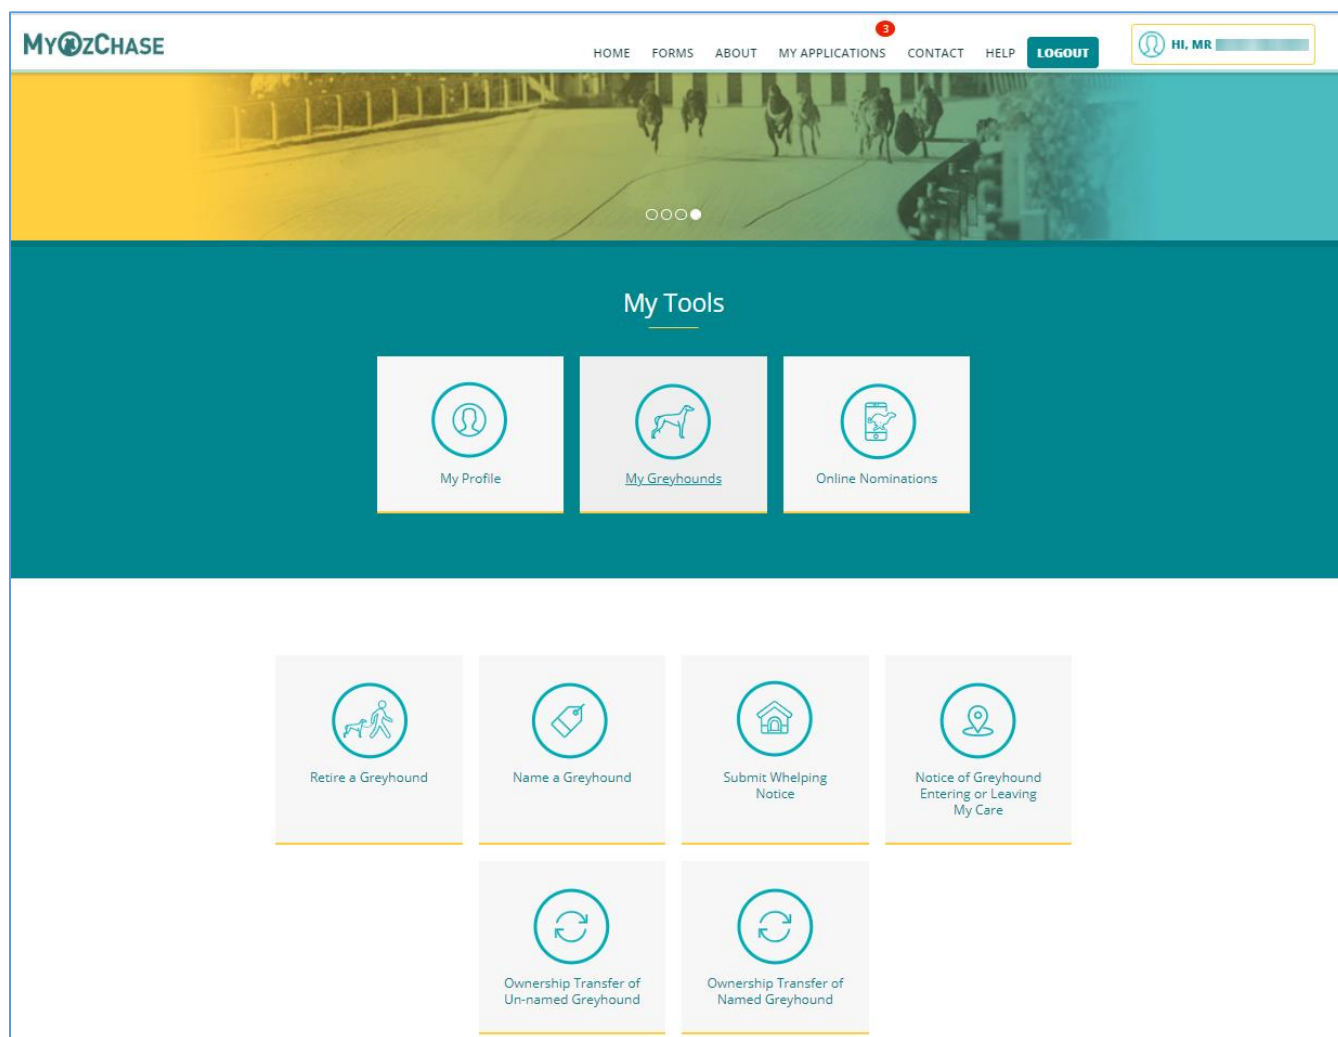

Clicking on ☰ will display the options:

All screen samples in this document will be desktop images.

4 MyOzChase - basic functionality

Once you have logged in to the MyOzChase website, you'll be redirected to your dashboard:

The functions that are available on your dashboard will be dependent on the type of licence that you currently hold (e.g. Owner, Trainer, no licence). The functions listed below will be explored in the next sections:

- My Profile – Available to licenced and un-licensed users
- My Greyhounds
- Online Nominations (only available to users with a Trainer licence) - Clicking on this link opens a new page which takes you to the OzChase Online Nominations site. This site allows Trainers to nominate their greyhounds into Race Meetings.
- My Applications
- Retire a Greyhound
- Name a Greyhound
- Submit Whelping Notice
- Change Greyhound Trainer/Kennel
- Transfer an Un-named Greyhound
- Transfer a Named Greyhound

4.1 My Profile

On the first tab of the 'My Profile' function, you can review and amend certain personal details stored on your account. If you require changes to other details not available through the 'My Profile' function, please contact your relevant State's Greyhound Racing Controlling Body.

4.2 My Greyhounds

If you are a licensed Greyhound Racing participant, the 'My Greyhounds' function allows you to view a list of all the greyhounds to which you have a current responsibility (excluding deceased greyhounds). This may be as the greyhound's Owner, Trainer or if the greyhound is kennelled on your property.

If there are more than 20 greyhounds in the list, then the search input will be automatically opened for you to enter a search criteria. Note there may be a wait while the system retrieves the full list of greyhounds immediately on entry to the screen:

The screenshot shows the 'My Greyhounds' interface on the MyOzChase website. At the top, there's a navigation bar with links to HOME, FORMS, ABOUT, MY APPLICATIONS, CONTACT, HELP, and a LOGOUT button. A user profile icon is visible in the top right corner. The main heading 'My Greyhounds' is centered over a background image of a greyhound. Below this, there are search filters: two text input fields for 'Greyhound Name' and 'Unique ID', two dropdown menus for 'Status' and 'Responsibility', a 'SHOW ALL' button, and a 'Sort' dropdown menu. A message 'Displaying 238 of 238 greyhounds.' is displayed below the filters.

A full or partial greyhound name can be specified for the search. Note there is now no longer a Search button – the filtering of Greyhounds is dynamic and will occur immediately once characters are entered into the search fields. Alternatively, you can click on the 'Show All' button to display all your greyhounds.

A new addition to the search options is the ability to filter the greyhound list based upon the association you have to the greyhound. This 'Responsibility' contains filter values such as Trainer, Group Manager, Owner etc.

On this page you also have quick links to some of the actions available in the MyOzChase website, based on your access and/or licence type. For example, links for ownership transfers will only be available to individual or the Manager/Contact for a Group/Syndicate that owns the greyhound.

These actions are also available on your dashboard.

4.3 My Applications

You can view applications which you have submitted via MyOzChase by clicking on the 'My Applications' link in the top menu. You will also see those applications which have been lodged by another person, for a greyhound that you currently have ownership or custody (trainership) of.

4.3.1 Un-read Counter and Flag

If there are notifications awaiting viewing by you, then a counter indicating the number of un-read entries is displayed at the top of the pages (above the 'My Applications' menu item):

Clicking on the 'My Applications' link will display a list of all applications for you:

On this page, you will see which type of applications you have submitted, the date of each application, the greyhound involved and the status of the application. Clicking on the VIEW link (on the right of the page) will open the details for the selected application.

Those entries that have **not been read** will be marked by '!' and the text will be **bolded**.

Once the application has been viewed, the counter (25) will be reduced by 1, the marker will be removed, and the text will be in normal font (see highlighted items on the screen below):

4.3.2 Filter, Sort and View

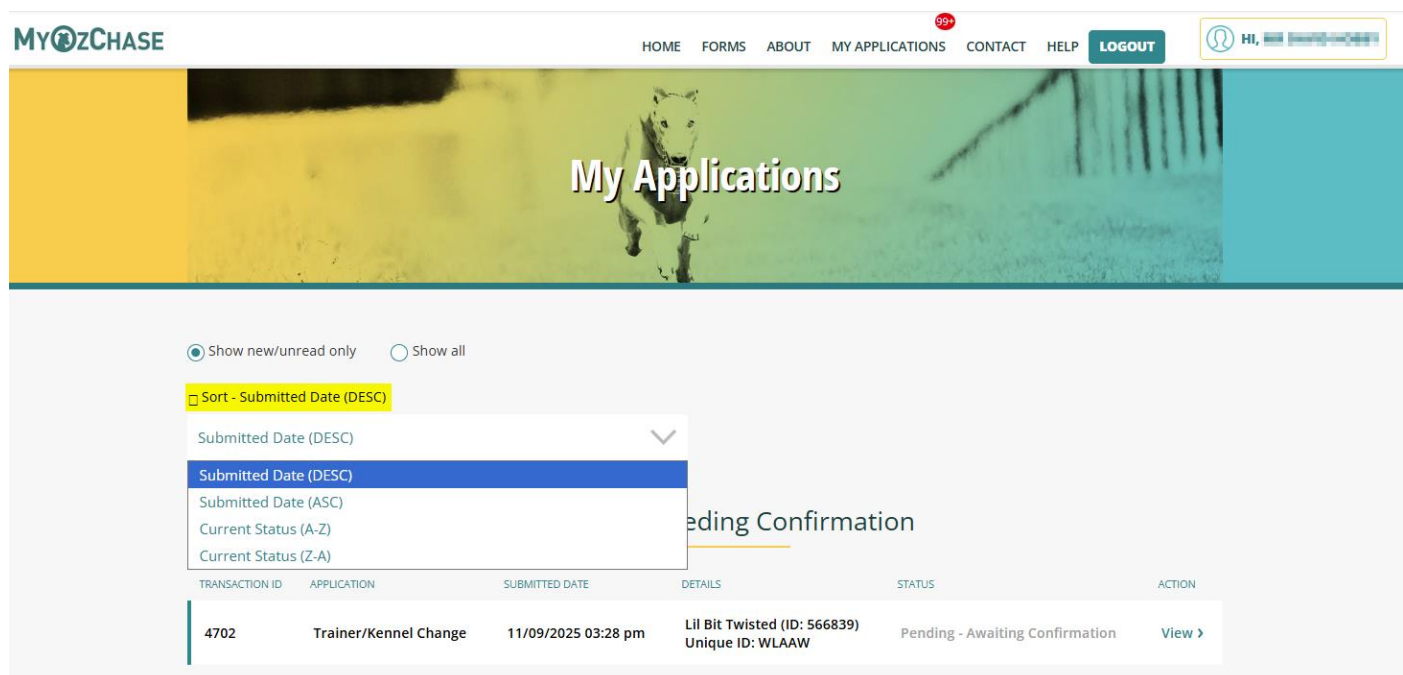

The default on entry to the 'My Applications' page is to list **all** your applications. If you wish to filter the list to show only those applications that have not been read, then the 'Show new/unread only' radio button should be clicked:

The screenshot shows the 'My Applications' page on the MYOZCHASE website. The header includes the MYOZCHASE logo, navigation links (HOME, FORMS, ABOUT, MY APPLICATIONS, CONTACT, HELP), a LOGOUT button, and a user profile dropdown. The main heading is 'My Applications'. Below it, there are two radio buttons: 'Show new/unread only' (selected) and 'Show all'. A sort dropdown menu is set to 'Submitted Date (DESC)'. The main content area is titled 'Applications Needing Confirmation' and contains a table with one application entry.

Applications will be sorted based on the selected criteria. The sort sequence is applied to the applications within each section (not across sections) – e.g. Pending Applications, Recently Approved/Declined.

If you have a query about a specific application, please quote the transaction ID number of the particular application when contacting your relevant Greyhound Racing Controlling Body.

Alongside each transaction will be a link to 'View' further details related to the selected transaction. This expanded view will include:

- Greyhound details such as Unique ID, colour, sex and ownership
- Transaction details such as a submission date/time, date/time the event occurred (e.g. retirement), application status and any other additional information related to the application

The screenshot shows the 'My Application' page on the MyOzChase website. The page has a header with the MyOzChase logo, navigation links (HOME, FORMS, ABOUT, MY APPLICATIONS, CONTACT, HELP), a LOGOUT button, and a user profile icon labeled 'Hi, [name]'. The main content area is titled 'My Application' and features two columns of information.

6 Change Trainer/Kennel

6.1 Submit Trainer Transfer

6.1.1 Select Greyhound

The “Change Greyhound Trainer/Kennel” option will take you to the online form for changing a greyhound’s Trainer and/or kennel. This function can be used to transfer trainership and/or move a greyhound from one to another of **your kennel addresses**.

This form consists of a 3-step process. On the first tab, you will be required to select the relevant named or littered greyhound for the application.

A trainer transfer request can be initiated either by the current trainer or the new trainer. If you are the current trainer, then you will select the greyhound via the drop-down list. If you are the new trainer, then select a greyhound by entering a valid Greyhound Unique ID.

The screenshot shows the MyOzChase website interface for the 'Greyhound Trainer/Kennel' form. The header includes the MyOzChase logo, navigation links (HOME, FORMS, ABOUT, MY APPLICATIONS, CONTACT, HELP, LOGOUT), and a user profile icon. The main heading is 'Greyhound Trainer/Kennel'. Below this is a sub-heading 'Notice of Greyhound Entering or Leaving My Care' and 'Step 1 of 3'. The form has three tabs: 'Select Greyhound' (active), 'Change Trainer', and 'Change Kennel'. Under the 'Select Greyhound' tab, there are three numbered steps. Step 1 contains a 'Please note' about regional restrictions, a 'Select Greyhound' label with a 'Required Field' indicator, a dropdown menu for 'Select from 'My Greyhounds' (Only Named or Littered)', an 'OR' separator, a search box for 'Search Greyhound by Unique ID (Only Named or Littered)', a 'Greyhound Unique ID' input field, a 'SEARCH' button, a checkbox for 'I declare that these are the correct details of the greyhound in question.', a 'CANCEL' button, and a 'NEXT' button. Steps 2 and 3 are currently empty.

6.1.2 Change Trainer

Once you have made a selection, the greyhound's details will be displayed to the right of the form. Please check that these details are correct before ticking the declaration box and proceeding to the NEXT tab:

On clicking SUBMIT, you will receive a confirmation message which will include the transaction ID for your transfer request:

You can review the details of the transaction by viewing the application from the ‘My Applications’ area.

6.2 Confirm Trainer Transfer

Depending on who has lodged the Trainer change application, the other party (current or new Trainer) will receive an email requesting they confirm the trainer change application. Clicking on the link contained in the email will take you to the MyOzChase login page. Once you have logged in, you will be taken directly to the application details page where you can confirm the transfer.

If you did not log in using the email link, then you will need to access the ‘My Applications’ option and select (View) the application from the list.

If you are the relinquishing trainer confirming the transfer, then you will just need to click on the Confirm button.

If you are the **new trainer** confirming the transfer, then you have the option of selecting a new Kennel Address at this point:

7 Transfer Un-Named Greyhounds

Access to the Transfer Un-Named Greyhound function is via the My Greyhound List (from the links on that page) or from your dashboard:

7.1 Submit Owner Transfer

The process of transferring Un-Named and Named greyhounds is very similar. The main difference is that the Un-named Transfer option, is for pups that are 'Littered' (not ready for racing yet). The Named Transfer option, as the name suggests, is for greyhounds that are already "Named" but can also be used for greyhounds that are "Retired for Breeding". Greyhounds retired for any other reason cannot be transferred using this function.

7.1.1 Selecting a Greyhound

In the same way as the Trainer Transfer is done, an Ownership Transfer also comprises 3 tabs, the first of which is the greyhound selection tab.

The greyhound can be selected either from a drop-down list, which shows all your greyhounds (if you are selling the greyhound), or by entering a valid Greyhound Unique ID (if you're purchasing the greyhound).

If you have entered this function from the My Greyhounds List (via the link), then the page will be auto filled with the details of the greyhound that you selected on that screen.

Once selected, the details of the greyhound will be displayed. If the details are correct and there are no errors, you can click on the declaration and progress to the NEXT tab.

Possible Errors:

MyOzChase will verify that the current owner of the greyhound (individual or members of a group) are registered users.

This check is required since (in some States), members of the Selling Group/Syndicate must confirm the sale prior to the transfer being approved by the State Authority (the same validation applies to the Purchaser if a Group/Syndicate is involved).

The mechanism for obtaining each members approval, is for MyOzChase to send a confirmation email, which then requires the group member to log into MyOzChase and confirm the sale.

If any individual (or member of either a Selling or Purchasing group/syndicate) is not a registered MyOzChase user, then the following (or similar) message will be displayed.

Seller Message:

⚠ One or more of the Sellers of the selected greyhound are not registered users of MyOzChase. Please contact the following owners to request registration or submit a paper-based ownership transfer application for the particular greyhound: Mr Terry [REDACTED]

Purchaser Message:

7.1.2 Change Ownership

If you are the current owner of the selected greyhound (as sole owner or manager/contact of the Group/Syndicate), then the system will prompt you to supply the purchaser details. You will need to enter the purchaser's first name, last name **and** email address if you are selling the greyhound to "Someone else":

NOTE: If you are selling the greyhound to a Group or Syndicate, then the name entered above must be the name of the **Contact Person** (Ownership Group) or **Manager** (Syndicate).

The system will validate the new owner details (as already outlined in the Change Trainer/Kennel section). If either the Seller or Purchaser of the greyhound is an Ownership Group or Syndicate ('group'), then all members of the group must be:

- A registered MyOzChase user (with a unique email address)
- A currently licenced 'Owner' (only applies to the purchaser)

If you currently own the greyhound, then you also have the option of buying the greyhound yourself, by clicking the 'myself' button. The only instances where you can use this option is:

- As a sole owner buying from the group (that you manage) that currently owns the greyhound.
- As the manager of a group buying from yourself as the sole owner of the greyhound.
- As the manager of another group buying from the group (that you also manage) that currently owns the greyhound.

If you are purchasing the greyhound, then the Change Ownership screen will have your details as the New Owner and will allow you to select if you are purchasing the greyhound as an individual or as a group:

7.1.3 Change Kennel

On the final tab, you can elect to change the current Kennel Address for the greyhound (or leave it wherever it currently resides).

Three options are available on this tab:

- 1) **No (default)** – Leave the greyhound at its current kennel address.
- 2) **Yes** – Change the kennel address to the **new owner**. Should only be selected if the greyhound is moving from its current location to the new owner's kennels.
- 3) **Someone Else** – Indicates that the greyhound is moving location but it is being kennelled with someone else (eg. with a Breeder etc). This person should be contacted to lodge a Kennel Notification. The greyhound will remain **at its current location** until a new Kennel Notification is processed. The option to select 'Someone Else' should only be done when a 3rd party is kennelling the greyhound at their premises. [Note: The Seller or Purchaser cannot nominate another person's address].

If 'Yes' is selected, then a new address will need to be selected by the **Purchaser**. If you're just the Seller, then you cannot select the new address. The following message will be displayed:

7.2 Confirm Owner Transfer

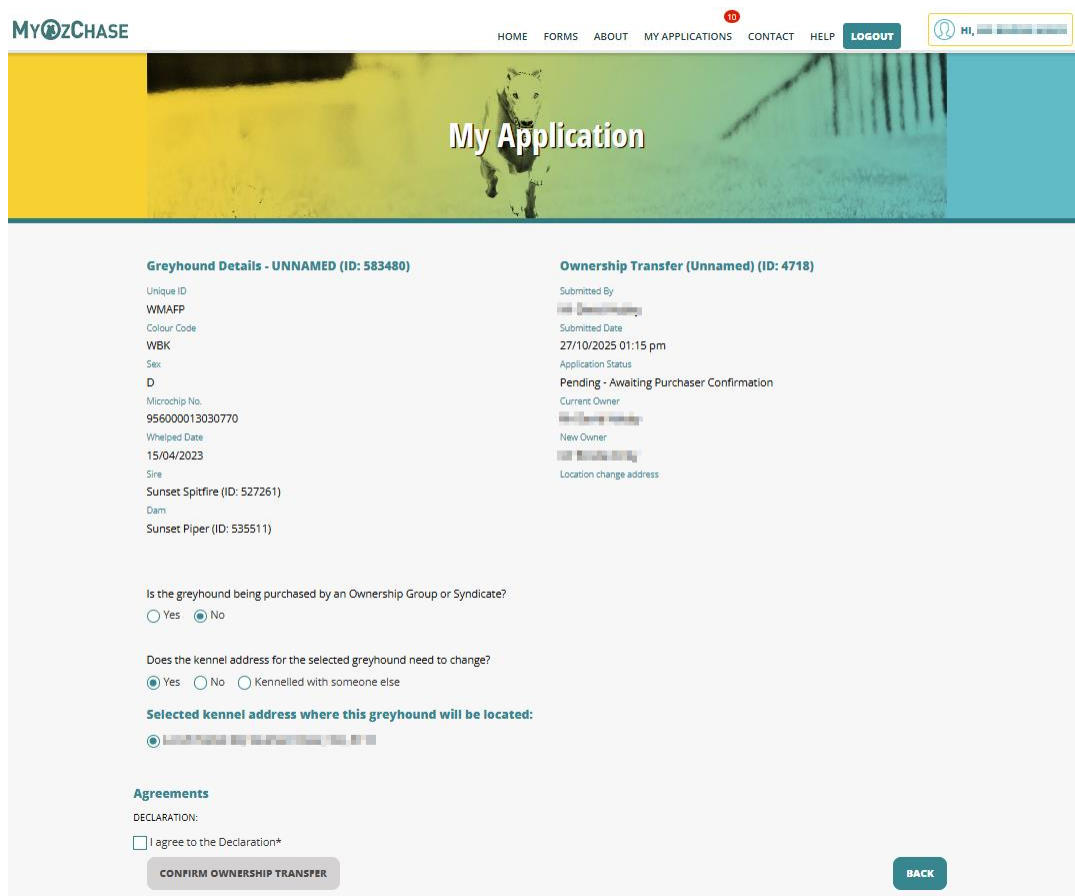

Depending on who has lodged the Owner Transfer application, the other parties will be required to confirm the application before it goes to the State Controlling Authority for approval.

Who must confirm the transfer?

- If you are selling your greyhound and **you're not the person who submitted the transfer application**, then you will receive an email requesting you to confirm the transfer.
- If you are purchasing a greyhound and **you're not the person who submitted the transfer application**, then you will need to confirm the transfer.
- If you are a member of an Ownership Group selling or purchasing the greyhound, then you will be required to confirm the transfer.
- If you are a member of a Syndicate selling the greyhound, then you will be required to confirm the transfer.

If you are confirming the transfer as the seller or a member of the purchasing group, then you will only need to click the 'Confirm' button.

If you are confirming the transfer as the purchaser (individual or contact/ manager of the purchasing group/syndicate), then you will need to specify if you are purchasing the greyhound as a group and if there is a change to the greyhound's location.

8 Transfer Named Greyhounds

The process of transferring a Named greyhound is very similar to transferring Un-Named greyhounds. Access to this function is via the 'My Greyhounds' list or your dashboard.

The only differences with a Named transfer, is that:

- The **Seller** must answer some questions relating to the greyhound's health and penalty history.
- The **Purchaser** must pay for the transfer.
- The Purchaser must reside in WA. (Transfers outside of WA are currently not catered for)

8.1 Seller Questions

These questions would need to be answered either on the Select Greyhound page when submitting the transfer request (if the Seller is lodging the transfer application) or on the Confirmation screen.
